

In a great measure for the Carranzista soldiers' hostility to the troops. With the reopening of the mines and currency reform, which would be thus facilitated, the situation is expected to be relieved.

The military critics saw a double significance in the reported decision to withdraw the expedition by easy stages. The gradual movement will enable Carranza to handle the threatened outbreak of another revolution, of followers of Felix Diaz.

This report has been carried to break loose the moment the expedition leaves. Oregon informed all his generals that the terms agreed upon are entirely satisfactory to him as minister of war, ordering that the news be communicated to the troops. Mexican newspapers along the border hailed the pact as a Mexican victory, and Oregon himself as the most popular man in Mexico.

General Salazar is the latest rebel reported as taking the field. His small band broke loose at Sahinal, Chihuahua, on an independent revolt, which was not expected, however, to affect the working out of the plan.

Five shoemakers, employed by the Ten-Minute Shoe Repairing Company, gave two hours of their labor today to help the Ippolito fund, as a result of their work \$10 was added to the fund started voluntarily by readers of The Times.

A contribution of \$10 was also received from the Crossing Policemen's Association, and Joseph Schiavone sent to The Times a check contributed by Italian and "American friends" who he interested in the Ippolito fund.

The letter which accompanied the Crossing Policemen's Association contribution written by George Osburn, secretary, follows:

"I am authorized to extend to The Times the sincere thanks of our association for the very kind interest it has shown in our brother, Frank L. Ippolito. He helped your paper, and the Crossing Policemen's Association in procuring passage of our bill now before Congress giving the traffic officers the same protection now accorded to the Metropolitan police will be greatly appreciated."

#### Sends Circular Letter.

All contributors today expressed their praise of Ippolito's bravery in the highest terms and hoped for his speedy recovery and "return to his old job at Seventh and F streets, which he filled with such distinction."

Joseph Schiavone has sent a circular letter to every Italian in Washington, the massive being written in Italian, in which he urged them to contribute to the Ippolito fund. He said that the blue coat is of Italian birth. He is so interested in the fund that he proposes holding a mass meeting of Italians to arouse them to give the circular letter plan, fails to bring forth contributions from all of them.

The members of Girl Scout Troop No. 21 saved up their spending money and they had \$1 and contributed this to the relief fund today.

In sending \$10 to the fund Stanley Horner, of the Buick Motor Company, wrote: "We sincerely hope that Ippolito will soon be able to be up and on his old job again, as we have always considered him to be a very efficient and courteous officer."

Doctors of the Emergency Hospital reported today that the injured policeman was steadily improving. He is still conscious and talks with his wife and children, who visit him daily. Although the doctors have definitely refused to perform an operation on Ippolito's head, they have not yet fixed the date. They expressed the belief today that he would stand the operation well, and that his complete recovery would be but a matter of weeks.

### See Approval For Union Constitution

Although the referendum on the constitution for the Federal Employees' Union, No. 14,622, will not be concluded until tomorrow at midnight, sufficient ballots already have been received for union officials to predict that "the original constitution will be overwhelmingly approved."

It also was stated at union headquarters today that the referendum returns show a unanimity of sentiment for retirement of superannuated Government employees on a "straight pension" by the Government instead of a "contributory pension system."

The results of the referendum will be announced Saturday. The voting will not be concluded until too late to make the results known tomorrow night. It was said today that almost 1,000 votes had been cast and only a few of them were in favor of alternate clauses instead of the originals in the constitution drafted by the committee on constitution.

The union, which has been operating without a number of its members shortly after the Fordland night-hour rider was proposed, is now known as 14,622, a local chapter having been obtained from the American Federation of Labor today.

## WINTHROP REFLECTS SPEEDY TRIAL FOR CASEMENT PLEDGED

Better Service Provided For Washingtonians Who Visit Maryland Range.

### Assignments at Range For Next Two Days

FRIDAY.  
Department of Agriculture Clubs, 10 (30).  
Military Service Legion, 10 (3).  
National Press Club, 10 (10).  
Postoffice Department, 10 (10).  
Department of Justice, 10 (2).  
Woodward Building, 10 (2).  
SATURDAY.  
High School Cadets, George Washington University, 10.  
The numerals following each club indicate the number of riflemen who can be accommodated on the particular date. The numerals in parentheses indicate the number from each club who can be accommodated any day in the week.

Louis C. Wilson, of the Board of Trade Rifle Club, has requested that the full membership of his organization be provided for at the Winthrop rifle range on Monday.

The ordinary allotment for the club on this day was to have been only twenty, but Mr. Wilson has told the National Rifle Association authorities that many more than this number desire to visit the range. The permission he sought has been granted.

A new steamer—the Gratitude—has been assigned to the Winthrop run by the steamboat company, and will probably be in commission tomorrow or Saturday. The advent of the new boat means that much faster time will be made between Washington and the range, and that fewer stops en route will have to be endured.

A rifle club has been organized in the Laurel, Md., High School, because this club is such a short distance from Washington, it is quite likely that it will be assigned special days at the Winthrop range.

The new club has thirty members. Its officers are: President, Adolf Dreyer; treasurer, Leroy Armstrong; captain, Chris Whistler; and judge of shooting, H. P. McCeney.

The National Rifle Association expects to announce within the next few days the full membership of the individual match held some time ago to determine the best shot in the United States for the season of 1916. In this match there were 21 competitors. Among them were several local cracks, including Harry MacPate and W. H. Montgomery, of the Bureau of Engineering and Printing Club; Paul Miles, Dr. Scott Breckinridge, and W. R. Tucker, of the Washington-Flatbush Rifle Association; and Sgt. O. J. Scherman, of the District of Columbia Rifle Club.

Those who qualified at Winthrop yesterday in the marksmen's course, and their scores are:

### Lorimer Will Pay All Bank's Debts

Acquitted of Wrecking Institution, Former Senator Declares This His Life Purpose.

CHICAGO, May 4.—Former United States Senator William Lorimer, acquitted today of charges of bank wrecking, announced he will devote the rest of his life to paying the debts of his bank.

The jury deliberated six and one-half hours when they returned to the courtroom at 12:28 a. m. with a verdict of not guilty.

Lorimer was generally charged in October, 1914, and his trial began February 17, 1916. His defense was that, although he was president of the bank, C. R. Munday, its vice president, was in charge, and that the crimes of which he was accused really were committed by Munday. Munday was convicted last November and sentenced to five years in the penitentiary.

### CAN HARDLY GET ENOUGH TO EAT SINCE TAKING IT

Traveling Salesman Now Feels Better, Eats Better, and Sleeps Better Since Taking Drecto.

The best evidence of a medicine's merits is what people who have actually taken it say about it, and this is especially true when such statements are made by people of high character right here in the city where they are published, where every fact can be investigated and verified. This proves the honesty of the manufacturer also.

Recently the following signed statement was made by Mr. J. D. Boyd, of 1809 Hamlin street northeast, who for years has been the representative for the Aunt Jemima Mills Co. He says: "I had heard so much about the wonderful merits of Drecto in cases of stomach trouble, gastritis, constipation, headaches, biliousness, loss of appetite, and general run-down conditions, I decided to try it. You may think this is strange, but it's positively true, that the first dose helped me, for it seemed to soothe my stomach and relieve that bloated feeling. Now, I had suffered a good many years and spent lots of money trying to get relieved of this stomach trouble, so you can imagine how happy I was to know at last I had found just the medicine I needed. I have improved right along, day by day, and now I am as well as I ever was in my life. No more constipation, headaches or biliousness; my appetite is so good I can hardly get enough to eat, but the best of all is that I have found just the medicine I needed. I have improved right along, day by day, and now I am as well as I ever was in my life. No more constipation, headaches or biliousness; my appetite is so good I can hardly get enough to eat, but the best of all is that I have found just the medicine I needed.
